OLIVER BOAMAH

ABOUT ME

Technical skills: C/C++, Android, Kotlin, Java, PHP/CodeIgniter, JavaScript, NodeJS/Express, SQL, MongoDB, React Native, VB, C#, HTML, CSS, Version Control (Git), Unit Testing

Interests: Software Entrepreneurship, Lean Startup

WORK EXPERIENCE

Androidtrain – UENR Campus – Sunyani - Ghana   **OCT – NOV 2018**

Cofounder/Android App Development Instructor

- Cofounded an initiative to help students on UENR Campus to acquire needed practical skills to develop real world android applications
- Taught how to build user interfaces, Java, worked on projects including a mobile site app, weather app and a note taking app

Jimahtech – Kumasi – Ghana | www.jimahtech.com   **JUN – AUG 2017**

Software Engineer Intern

- Developed in Android/Java a mobile application for SME's to easily record and manage inventory locally on their phones and backup to cloud
- Developed in Php/CodeIgniter an ERP web application to enable wholesale businesses track, manage and sell inventory items

RECENT PROJECTS

Forestry Commission Log Calculator   www.github.com/codingoliver

- Created a mobile app for my Dad who works at Forestry Commission (Ghana) to literally throwaway his log book and easily perform the otherwise tedious log volume calculations right on his phone using React Native and JavaScript

ProjectDesk

- Built a web application platform to provide an easier and faster way for discovering and handling senior final year projects
- Implemented features like: students discovering project ideas, assigning supervisors to students, students sending project documents to their supervisors for perusal, tracking project work progress using PHP/CodeIgniter, JQuery, MySQL, Bootstrap

Counselling Unit

- Developed a web application platform to enable students solve their emotional/addiction/bad-habit problems by matching them to suitable counselors for help
- Implemented features like: discovering suitable counselors based on your problem, booking appointments, rescheduling appointments

- Wrote a Chat system with JQuery, PHP/CodeIgniter, MySQL, Bootstrap to enable student and counselor to chat

EDUCATION	**University of Energy & Natural Resources (UENR) – Sunyani – Ghana**	**2015/2019**
	Honours Bachelor of Science (Computer Science)
